About Me

My name is Kym Dann and I'm an Accredited Mental Health Social Worker with AASW and Registered Counsellor with Australian Counselling Association (ACA). I possess qualifications in Social Work, Counselling, Mental Health, ATODS, Training & Assessment and Community Services.

I possess over 18 years experience to share as a Supervisor within the fields of:

- Community Services (DV, ATODS, Mental Health, Families, Veterans & Offender Reintegration)
- Aboriginal Mental Health & Cross Cultural Awareness as Koori Woman
- Clinical Management Of Government & Non-Profit Organisations
- Training & Assessment (Counselling, Community Services, ATODS)
- Youth, Adult & Forensic Mental Health

Why Clinical Supervision?

Clinical Supervision protects both you and your client base through providing you an opportunity to engage in reflective practice & develop your skill-set as a practitioner, whilst ensuring self-care is implemented and monitored to prevent burn out.

Supervision provides you with an impartial viewpoint which will allow you to reflect on your practice, cases, performance and therapeutic approach with your client base.

Supervision Sessions

Supervision sessions are conducted either via Phone or Skype at a negotiated timeframe to meet your needs. Sessions are structured and tailored to your individual professional development through a person centred approach.

First Session is offered at a discounted rate of \$25.00 for a 30 min session and we together will develop an appropriate Supervision Plan to meet your CPD needs.

Confidentiality

Your confidentiality is paramount and I ensure to develop a safe therapeutic space, to alleviate any shame, distress or anxiety around content discussed in sessions.
